About Our Company

Established in 1985, SandS is a team of professionals, specializing in the field of printing and packaging. We at SandS offer widest spectrum of printing and packaging products under one roof. At our core, SandS operates on Impact, Transparency, and Quality.

When it comes to quality printing, SandS is a forerunner. Quality, clarity in design, prepress, printing and distribution are what distinguishes SandS from all other players in the industry.

In fact, after relentless printing services since 1985, we have almost perfected printing and are well acclaimed amongst the leaders in the printing industry.

We have widest array of services when it comes to solutions regarding printing and packaging. Some of them will be described further.

Our Services

PREPRESS STRENGTH

- ◆ Capability to handle multiple customers for campaign work.
- ◆ Continuous up-gradation of hardware and software.
- ◆ Fast adaptability to new technology.
- ◆ 24 hour service.
- ◆ Daily Meeting for continuous improvement.

PRESS

Continuous investment in printing technology ensure that the latest techniques and effects can be employed. The high-speed, hi-tech equipment provides you with a fast turnaround and consistently superior quality.

Our Services

PRESS STRENGTH

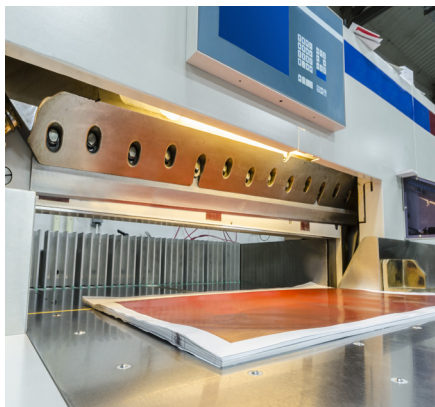

- ◆ Multiple printing machines – Sheetfed.
- ◆ Continuous investment in printing technology to ensure the application of latest techniques and effects.
- ◆ The high-speed, hi-tech equipment provides you with a fast turnaround.
- ◆ Consistent superior quality.

PRESS FACILITIES

Sheetfed Presses: The sheet-fed press prints on individual sheets of paper, as opposed to continuous rolls of paper used on web presses. A sheet-fed press may consist of multiple print units that each print a different color of ink. Sheet-fed presses come in different sizes.

Our Services

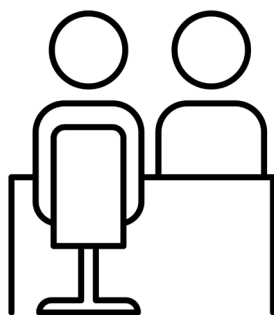

POSTPRESS

S and S has the latest technology in finishing equipment. To compliment our printing, we have adequate capacities in cutting, folding, collating and sewing. No matter how large or small your project is, it will receive the highest standard of care and attention from our fully trained finishing operators, ensuring the result you want is achieved.

FINISHING SERVICES

UV Varnish | Spot Varnish | Aqueous Varnish | Film Lamination | Hot Foil | Creasing | Die Cutting | Digital Die Cutting | Gilding | Folding | Sewing | Saddle Stitching | Tipping | Wire-o Binding | Spico Binding | Comb binding | Spiral Binding | Microperforation.

LAUNCHPAD

Launchpad is our unique service, wherein we offer total consultancy to new business regarding there branding and marketing, like what material, size, and colors to choose.

Product Line

LUXURY PRINTING

S and S luxury is one of the world's most formidable luxury printing house, recognized for its bespoke and superior handcrafted personalized stationery for the most discerning clientele from across the globe. We believe in the philosophy of crafting exquisite and desirable works of personalised art.

Today every piece of S and S luxury carries an emboss of innovation in design, sophistication, craftsmanship and the finest materials. 15 years on, we continue to push the envelope and redefine personalised invitations and stationery, with its impeccable aesthetics and superior execution.

Within the evolution of our business we develop new ideas, new approach, new techniques. We work in a challenging, dynamic environment; our Partners and their ever changing demands play a significant role in the definition of our future goals.

box-ton

Founded in 2020 box-ton is a concept to bring innovation and precision in the box packaging industry.

The company is one of the few in to import new machinery from China to improve quality and speed of the processes.

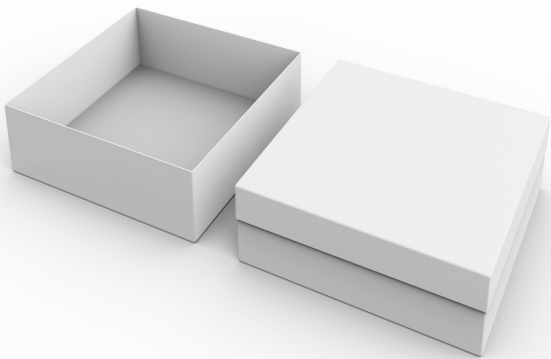

The boxes are no longer considered as simple containers but a medium to express the product's personality.

We are one of the few companies in the printing sector that provides this "full service", the perfect combination of production and logistics.
